

Universal Human Values-1 – Schedule

Each session below is of two hours, and the whole material is covered over 3 weeks during the Induction Program. Topics shown in italics are lecture sessions or films, shown during evening hours. However, they are also a part of the UHV-1. (Note that UHV-1 is a central component of the Induction Program, as it connects the faculty with students in almost one to one manner, and also enlarges the vision of the students, beyond themselves.)
